Teaching Experience

Clemson University, Clemson, SC
Instructor for CPSC 4140/6140: Human Computer Interaction (Fall 2018) *(new prep)*

- Students' Instructor Evaluation: 4140- 4.64/5; 6140- 4.67/5
- Select student feedback:
    - *"When it comes to HCI, Dr. McNeese is as good as they get! He is extremely effective in communicating and teaching concepts. He uses a practical approach to teaching, making classes fun!"*
    - *"Dr. McNeese is an excellent professor and his course has honestly changed the way that I think and perceive design. As a senior in CS, this was my first time being exposed to HCI in a classroom and I definitely enjoyed learning about it."*
    - *"To say Dr. McNeese lives and breathes the content he teaches is a bit of an understatement. Dr. McNeese embodies the content that he teaches. He understands it more than most of us could ever hope to and conveys its importance in the real world clearly."*

Instructor for HCC 8810: The Science of Teamwork and Technology (Spring 2018) *(new prep)*

- Students' Instructor Evaluation: 4.8/5
- Select student feedback:
    - *"Very good class, very clear and objective explanations, while including the entire class during every session."*
    - *"Dr. McNeese is a great, helpful, and caring professor."*
    - *"I can't think of any weaknesses. The class was very well thought out."*
    - *"The class was very good, and I learned a lot."*

Co-Instructor for CPSC 4910: Seminar in Professional Issues II (Fall 2017)

- Students' Instructor Evaluation: 4.67/5
- Select student feedback: N/A

Arizona State University, Mesa, AZ

Instructor for HSE 225: Human Systems Integration (Spring 2017) *(new prep)*

- Students' Instructor Evaluation: 4.81/5
- Select student feedback:
    - *"I really liked how Nathan captured the knowledge of Human Systems Integration. I went into this course not having a clue what I was majoring in and now I have an understanding and a love for what I'm doing."*
    - *"This class inspires me."*
    - *"Professor McNeese is hands down my favorite Professor I have had so far with ASU and I have had some excellent professors."*
    - *"I entered Prof. McNeese's class with, to be perfectly honest, little understanding of what my major was, what type of employment I should be seeking, and most importantly little excitement or enjoyment of education. I have been left completely changed by his class, something that I can honestly say has never happened to me before. He came in and built a base of knowledge that I will be able to utilize for the rest of my career, and the rest of my life. On top of being and outstanding educator, he has taken the time to let every student know that he is available for any concern we may have. He has extended everyone extracurricular opportunities for learning and research that I previously did not know existed. Despite any problems or regrets I may ever have concerning ASU, I will always remember Human Systems Engineering with Nathan McNeese, and realize that it was, in fact, all worth it."*

Instructor for PSY 437: Human Factors (Spring 2016) *(new prep)*

- Students' Instructor Evaluation: 4.85/5
- Select student feedback:
    - *"One of the best instructors that I have had at my time at ASU."*
    - *"Dr. McNeese is amazing. The balance between projects and study was perfect, and he communicated incredibly clearly with us as students. This was quite possibly one of the best courses I have ever taken."*
    - *"He really made me fall in love with studying cognition in a team setting."*
    - *"Favorite class."*
